On behalf of the 9th European Congress of Aesthetic Medicine of the UIME and the 27th Congress of the Spanish Society of Aesthetic Medicine Local Organizing and International Scientific Committees, I have the pleasure of inviting you to participate in these meetings to be held in Madrid, february, 23rd-25th, 2012. Madrid is the capital of Spain, a dynamic and representative city with a special tradition in our field.

The main purpose of this Congress is to provide a forum to present and discuss about developments in the field of Aesthetic Medicine and together with scientific sessions and consensus sessions provide the most recent advances in the field.

SEME promotes a multidisciplinary approach and we are sure that the atmosphere of Madrid will provide a stimulating environment for good work and companionship of colleagues of different nationalities. By attending the congress, and hopefully spending some extra days with a great variety of possibilities for sightseeing and recreation in and outside Madrid, you will be able to exchange scientific ideas, obtain information about new developments and innovations, and confirm international friendship.

We trust your stay in Madrid will be both enjoyable and productive.

We look forward to welcoming you in Madrid!

Yours sincerely,

Dr. Pilar Rodrigo

President of the Spanish Society of Aesthetic Medicina (SEME)
President of the Organizing Committee of the 9th European Congress of Aesthetic Medicine of the UIME and 27th Congress of the Spanish Society of Aesthetic Medicine
