**ANTI-AGING FOR THE SKIN**  
*Beautifying the Skin from the Inside*  
 2-DAY ADVANCED TRAINING

**ECAAM 2012**  
 European Course in Anti-Aging Medicine  
 January, 25-26, 2012  
 PARIS

**ANTI-AGING TO ENHANCE THE SKIN:**  
 Renowned experts will propose an Advanced Training in Anti-Aging Treatments to Enhance the Skin in a very practical and interactive format.

**Presentation:**

Proposed by the European Organization for Scientific Interdisciplinary Anti-Aging Medicine and endorsed by WOSIAM (World Society of Interdisciplinary Anti-Aging Medicine), the ECAAM (European Course in Anti-Aging Medicine) offers you the possibility to gradually learn theoretical & practical data at the same time, for a safe practice of Anti-Aging Medicine.

**Who may attend?**

Only licensed physicians may attend these trainings to acquire or improve an adequate knowledge to prescribe Preventative and Anti-Aging therapies (including safe hormone replacement therapies).

The purpose being to provide practical knowledge applicable in the everyday practice, the content will focus on well-being and well-aging scientific based therapies, the public concerned is:

- **Anti-Aging practitioners** seeking to obtain up-to-date information to improve their consultation
- **Aesthetic practitioners:** Dermatologists, Plastic and Aesthetic surgeons and Aesthetic physicians, willing to obtain anti-aging knowledge to include in their own practice for a global Anti-Aging management of their patients
- **General Medicine physicians** willing to have a more preventive approach of their patients' management, to be able to offer them safe therapies for a better health, and an additional competence to address their patients to the corresponding specialists and coordinate their management in cooperation with them (gynecologists, endocrinologists, andrologists, cardiologists, etc...).
- **Medical Spa practitioners**, for up-to-date information applicable to the Medical Spa.
- **Specialists from different fields of medicine:** gynecologists, endocrinologists, andrologists, cardiologists, neurologists...etc, with the objective to include more prevention and global ageing management of their patients.

**Certificate provided**

The participants will receive a certificate of attendance to the seminar listing all the topics presented during the concerned training with the mention:  
 "Certificate of Post-University Education in Anti-Aging Medical Therapeutics"

**2-DAY SEMINAR: 950€**

**REGISTER TODAY!**
